This immaculate three bedroom townhouse must be inspected to be appreciated. Offering massive sized bedrooms, the main has an ensuite and walk in robe, the second and third bedroom have built in robes, separate lounge area, great modern kitchen with plenty of bench space and combined with the tiled dining which overlooks the large backyard. Modern bathroom, internal laundry, a third toilet, single lock up garage with plenty of storage space and located within a short stroll to local shops and stations. Inspections will impress. Sorry no pets.
